PRIVATE EXPERIENCE / ENGLISH

Catarpe-San Bartolo

An extended trek that begins near Catarpe and heads toward San Bartolo, following ancient river corridors. This can be part of a multi-day excursion that includes an overnight stay in rural accommodation, if booked accordingly.

Your itinerary

Departure from Catarpe

We begin near the bridge and the access point to the quebrada (ravine). We follow the corridor of the San Pedro River, leaving behind the areas closest to the oasis and pacing ourselves for a long stage.

Confluences and the memory of the land

The route approaches the Salado river system. The guide will interpret ancient trails and petroglyphs that can be visited without disturbing the heritage site; specific stops depend on the authorized route.

Picnic and continuation

A trail-side picnic marks the midpoint of the day. We continue toward San Bartolo, navigating riverbeds and open terrain, while keeping an eye on water crossings and the time needed to arrive before the stage concludes.

The multi-day trek option includes dinner and an overnight stay in pre-booked rural accommodation. If undertaken as a standalone excursion, the return journey and pickup arrangements must be clearly defined in the itinerary.
