Atacama for Families

A four-day trip featuring a mix of excursions, water-based activities, and high-altitude plateau landscapes. The itinerary is tailored based on the ages of participants, their physical ability to walk, and their acclimatization to the altitude; the "family" designation does not negate the need to assess these factors.

Your journey, step by step

Day 1 · Morning and afternoon

The morning is spent in "Vallecito," with the route-including the sections along the ridges (cornisas) and sandy terrain-tailored to the group. After a lunch break, we visit the Puritama Hot Springs in the afternoon. Please confirm access requirements for all travelers prior to booking.

Day 2 · Morning and Afternoon

The morning is dedicated to the Baltinache Lagoons; swimming is permitted only if specifically authorized and included in your booking. After a break, we explore the Atacama Salt Flat, including Laguna Chaxa, the village of Toconao, and the Jere Valley. These are two separate excursions, with a lunch break in between.

Day 3 · Full Day

The "Ruta de los Salares" combines transport with various stops across the high-altitude plateau. Altitude and time spent in the vehicle are managed based on the ages and acclimatization levels of the participants, with meals and breaks included along the way.

Day 4 · Extended Morning

El Tatio · Cactus Valley: We visit the geothermal field and enjoy breakfast. The short stop at the Cactus Valley is part of this specific itinerary; it is not an additional trek, nor does it incur any extra charges or require separate services beyond the El Tatio tour.

MEALS

Meals and drinks are detailed for each day. Lunch is provided on the "Ruta de los Salares" (Salt Flats Route) excursion, and breakfast is included for the El Tatio tour, as per the itinerary. Please note that the break between morning and afternoon tours does not constitute an included lunch.

TRANSPORT

Pick-up and drop-off at your accommodation are provided daily. Airport transfers and accommodation are included only if explicitly stated in the proposal.

PREPARATION

Please consult with us regarding age requirements and altitude acclimatization before visiting the high-altitude plateau (altiplano). The brief stop at the cactus site is not the same as the independent 8 km hike.
