PRIVATE EXPERIENCE / ENGLISH

Machuca-Tatio

A route connecting the Machuca area with the surroundings of El Tatio. As there is no established, complete trekking trail, the balance between hiking and vehicle transport must be agreed upon before booking.

Your itinerary

Define the specific option.

The proposal clearly identifies which segments are covered on foot-including start and end points-and which are traveled by vehicle. This is not the discontinued "Tatio: Walking the Altiplano" route, nor does it incorporate distances from any other trek.

Machuca and its pastoral surroundings.

Stops allow for viewing the village and the high-altitude landscape from designated areas. Any interactions or access to private property require prior coordination.

Leg toward El Tatio.

We continue along the confirmed route, with breaks for hydration and observation. If a hiking segment is included, its elevation gain and level of difficulty will be specified in the individual itinerary.

Geothermal circuit and return

The visit to El Tatio takes place along authorized trails. Details regarding transportation and the final drop-off point are provided in your booking.

DURATION

Depending on the confirmed option.

DISTANCE / ROUTE

Hiking segment to be defined.

EFFORT

High altitude; physical exertion varies by route.

MEALS

Meals, drinks, and entrance fees are listed in the proposal.

TRANSPORT

Hotel pickup and drop-off in San Pedro (depending on location). Private transfers with stops coordinated by the guide.

PREPARATION

A specific route plan is required before confirmation. Do not approach geothermal vents or springs outside of designated trails.
