PRIVATE EXPERIENCE / ENGLISH

Atacama Uyuni · 3 Days

A private three-day journey from San Pedro to Uyuni, traveling through the Eduardo Abaroa Reserve and the Bolivian Altiplano. The itinerary ends in Uyuni; a return trip to San Pedro would be part of a separate arrangement.

Your itinerary

Day 1 · Entry into Bolivia

After clearing border control, we continue through the landscapes of the Eduardo Abaroa Reserve. Stops and visits are scheduled based on accessibility and available time. The day concludes at the pre-booked accommodation in the Ojo de Perdiz area (or an equivalent, as agreed).

Day 2 · Lagoons and the High Plateau (Altiplano)

We travel through a region of high-altitude lagoons and deserts, alternating between driving and short walks. Your guide will select designated spots for birdwatching and viewing the scenery. You will spend the night in accommodation near the salt flats, subject to availability.

Day 3 · Uyuni Salt Flats (Salar de Uyuni)

This day is dedicated to the salt flats and the areas accessible at the time of your visit. Water levels may affect the route, the appearance of reflections, and access to certain locations. The tour concludes in Uyuni at the point specified in your itinerary proposal.
